Reflector 150" lens

MEMORANDUM FOR: THE RECORD

SUBJECT: Use of 150" Zoomar Lens

1. On 21 October 1953, Messrs. [redacted] SR Division, discussed with the undersigned the possibility of using a Zoomar 150" lens for long range photography.

2. It was decided that Messrs. [redacted] talk with TSS/POD about sending an APD engineer and the lens to the area for one or two weeks to survey conditions and make test exposures. Presumably, if the tests were successful, SR Division would purchase a lens for permanent installation.

3. Actions:

1. Messrs. [redacted] are going to POD to initiate project.

2. [redacted] is starting task at Photogrammetry to purchase and evaluate lens.
